

CALL FOR INDEPENDENT ENGINEERS WANTING TO DEVELOP PRODUCTS

Posted on July 7, 2020 by CHD Group

Want to build an innovative product and patent the same?

CHD Group is wanting to collaborate and partner with independent engineers with a creative mind able to build/write software and hardware to develop and evolve products which have the potential to create long lasting social impact and transform the lives of people around us.

The focus will essentially be on healthcare product development and additional knowledge of artificial intelligence will be highly encouraged.

If you think you have the potential to develop innovative products, we are here to listen, collaborate, invest and discuss further. Write to us on : headquarters@chdefforts.org with a copy to indiaoffice.chd@gmail.com . (Don't forget to share your CV, contact number and any previously built products-if any.)
